

KEFAH WAMBAI

A PRACTICAL, TECHNOLOGY-ENABLED LEGAL PRACTICE

LEGAL CRAFT

Research, drafting and analysis grounded in Kenyan law and procedure.

PRACTICE

Hands-on support across litigation, succession, land, employment and tribunals.

TECHNOLOGY

Software engineering and systems thinking applied to modern legal work.

01 PROFILE

Early-career legal professional with hands-on experience supporting contentious and non-contentious matters in a Kenyan legal practice. Experienced in legal research, drafting, case analysis, litigation preparation and client correspondence across civil and commercial disputes, land and property, succession, employment, family law, small claims and tribunal proceedings. Combines legal training with a background in software engineering and digital systems, bringing a structured, analytical and technology-oriented approach to legal practice.

02 CURRENT PRACTICE

LEGAL ASSISTANT

Muttisya & Co. Advocates

Nairobi | July 2025 - Present

LITIGATION & PROCEDURE

- Draft pleadings, applications, affidavits, witness statements, written submissions, demand letters and other court and tribunal documents.
- Support matters involving land and property, succession, employment, family law, commercial disputes, small claims and specialised tribunals.
- Assist active matters from initial instructions and document review through filing, hearing preparation and procedural follow-up.

RESEARCH & LEGAL WRITING

- Conduct research on Kenyan statutes, regulations, procedural rules and judicial authorities, translating findings into arguments, case summaries, opinions and practical recommendations.
- Research and author weekly legal articles on judicial decisions, legislative developments and emerging issues of practical significance to clients and legal practitioners.

ADVISORY & DOCUMENTATION

- Review pleadings, evidence, correspondence, rulings and court records to identify material facts, evidentiary issues and procedural developments and prepare concise case chronologies.
- Prepare and review commercial and property documentation, including sale, licence, settlement and partnership agreements, with attention to obligations, legal risk and enforceability.

A PRACTICAL LEGAL FOUNDATION

PRIVATE PRACTICE → TECHNOLOGY → INSURANCE → COURTS
